If you have symptoms of illness, please stay at home and contact your family doctor by phone! If you fall ill with COVID-19 within three days of attending the university, please report this to pan-demie@h-da.de with details of your university contacts.

In suspicious cases, employees of the university may expel external persons from the campus for health reasons.

**No
entry**

Persons who have been in a risk area according to RKI or have had direct contact with persons suffering from COVID-19 in the last 14 days are not allowed to enter the Hochschule Darmstadt - regardless of whether they have any symptoms

Keep at least 1.5 metres distance from other people - this applies in front of buildings, on the traffic routes in buildings and in rooms.

Only use lifts individually!

You must wear a medical mask (OP or FFP2 mask) in the university buildings **and traffic areas**. The university recommends the use of an FFP2 mask because it provides self-protection and a higher level of protection to others. **At the university, you are free to remove the mask at the workplace and in meeting rooms. The precondition for this is that the prescribed distances of 1.5 m can be maintained and the room can be ventilated by window ventilation or a ventilation system.**

Observe possible one-way directions! Exception: Not apply to alarm situations!

Observe the maximum number of persons in toilets and other signposted rooms!

After entering the university and reaching your destination: first of all, wash your hands thoroughly! Repeat regularly if necessary.

Keep your hands out of your face!

Follow the rules of etiquette for coughing and sneezing:

Keep your distance, turn away from others, hold the inside of your elbow in front of your mouth and nose.

Avoid large crowds on campus!

I hereby confirm that I have taken note of the above rules of conduct and will follow them. I have been informed that any violation of these rules may result in the revocation of my permission to enter the site.
